

# Track Surface Protection

—by Turtle Plastics—

**Super Easy Installation!**  
**Made of 100% Recycled Plastic!**  
**We Have Your School Colors!**

**Park High School Stadium Field**  
 Cottage Grove, MN

**Read what our customers say about Turtle Tiles!**

"I am using my Turtle Plastics tiles as a track protector. As teams enter and leave our stadium field, they walk over the tiles to protect our track. The previous material I used as a track protector was a light plastic that blew over and apart every time we got a large gust of wind. The Turtle Plastics tiles are heavy enough that they will not blow apart in the wind. I also like how I was able to create a design with my tiles." —Phil Kuemmel, Cottage Grove, MN
