Here is what coaches are saying about The BenchCoach...

The Bench Coach is fantastic! One of the things we strive to teach our players is teamwork, which includes "picking up" a player's hat and glove out to them when they are on the field. The Bench Coach keeps all of the gear in one place and should be a part of every team's required equipment.

Cincinnati Patriots Baseball Club

What a pleasure to have all the players ready to hit the field after batting. The BenchCoach is the best organizational tool I have ever purchased and the quality construction is going to hold up for many years of play. Easy up, easy down, compact design, every player has their own slot... what more could a coach ask for!
