GOURMET CANDLE FUNDRAISING

Mia Bella's Gourmet Candles are triple scented and made using 100% palm wax. Palm wax is a natural renewable "green" product that allows our candles to burn clean and practically soot free!

Over 90 scents to choose from. No Pre-selections. We allow you to choose up to 20 fragrances per campaign in addition to our specialty line of gourmet candles and accessories.

Our independent programs offer competitive profits, NO start-up fees, NO minimum orders. Contact our representatives today for a free information kit with scent samples or to start your next fundraiser.
